Women Scientist (IPR)-TIFAC  
MPharm:(Batch 2010-2012)

*RKGIT contributes immensely in creating, at multiple levels an affable environment in the campus; motivating the students on various fronts; improving their in and out-class conduct & performance. RKGIT is a platform for developing the raw minds for the outside world. It strives continuously to improve quality of education to nurture the talent of the students to enable them to embark upon a successful career. Feel blessed to be a part of this institution*

*RKGIT has been very supportive to me. The faculty is highly experienced and cooperative. I thank RKGIT for giving shape to my carrier and I am proud to be a part of it.*

***“You have brains in your head. You have feet in your shoes. You can steer yourself any direction you choose. You're on your own. And you know what you know. And YOU are the one who'll decide where to go. My college day at RKGIT & the great inspiration given by my teachers are always remaining in my memories. I always love my teachers and my college of pharmacy RKGIT”***

***I would recommend that you come to RKGIT College. Thank you College for giving me a chance to be better...!!!! Nicest experience I have ever had in my life. Thanks RKGIT. Thanks all....***

**ANUGRA SRIVASTAVA**  
(M.Pharm., 2008-10)  
IPR Officer, Mylan Labs Ltd.,  
Hyderabad

*My two years of M.Pharm @RKGIT - a beautiful, full of knowledge, learnings, skills developing & memorable educational trip.*

*The days spent here - were basically the foundation keeping days on which my today's professional world stands. I finished my project under experienced faculty - always ready to help, owner of vast knowledge bank and very co-operative.*

*After finishing my project, by blessings of my teachers, I got placed in Sun Pharma as Intellectual property rights officer and now working in Mylan laboratories ltd, world's third largest generic pharma company.*

*I would like to thank RKGIT and the faculties from core of my heart.*

*Thank you very much!!!*

Assistant Professor, IEC Group of  
Institutions, Gr. Noida.

*I personally feel that life at R.K.G.I.T was really great. The college definitely is more than an academic abode. The myriad of lectures, experimental-exposure and extracurricular activities makes for one of the best curriculum in the region. With amazing infrastructure and a dedicated faculty, R.K.G.I.T has always stood beyond the expectations. This is where lives are nurtured for multidimensional development of career.*

*I have a lot of good things to say about our pharmacy department but specifically what I find the most important practice during my graduation at the department was that we used to get extremely good books ( authored by renowned persons and published by publishers of repute) as book banks. As an academician, I understand how important it is for the students to have access to such good quality information about the science of Pharmacy and to have some extremely fine teachers who are ready to share their knowledge about the subjects whenever one approaches them.*

*I believe that whatever I am today, Teachers of department of pharmacy, RKGIT, Gzb have significant role in it.*

Analytical Division, New Delhi.

*I have very good experience of studying at R.K.G.I.T College as it provided me a very good platform to exploit my knowledge and qualities. The faculty and the staff members are highly supportive and well qualified which helped me a lot to build my confidence and provided me a quality education. It also helped me a lot to exploit my talent during annual fest which are organized by the college. The placement cell of R.K.G.I.T. also provides students with a good job opportunities in highly reputed companies like Elly lilly and many others. In a nutshell, the culture and environment of R.K.G.I.T is very good and help the students to achieve their goals.*

***RKGIT has ragging free environment, the discipline cell look after the college environment very clearly and fairly. As our college provides us the best teaching environment, by engaging the student in educational as well as extra curricular activities, which are helping me a lot in my professional environment. During my educational time I have compared lots of pharmacy college with our college , I have found our college and our teacher are far better than others. Our college put emphasis on practical knowledge, which is helping my classmates in PRODUCTION, RESEARCH and as well as in MARKETING. Also the "Personality development Program" provided by the college was excellent. I am the top performer in my company, have got around 20 rewards and incentives, this was all possible only through what I have learnt in RKGIT.***

**RAVI KUMAR**

JRF, Central Drug Research  
Institute, Lucknow

*The college has a unique combination of highly knowledgeable, skilled and qualified faculty, rich and updated library and well equipped laboratories. The environment of college is highly conducive for learning. It inculcates the quest for knowledge and concept building. The teachers are very supportive and are ready to help whenever a student needs. Round the clock internet facility and modern library are like a boon for students. The practical classes have been designed in a way that students can practically apply their theoretical knowledge, gain good handling skills and further clarify and strengthen their concepts.*
