Admission in M.Tech. (ECE) Programme, RKGIT, Ghaziabad for Session 2015-16.

We are pleased to inform you all that the Electronics and Communication Engineering (ECE) Department, RKGIT, Ghaziabad got affiliation from the UPTU, Lucknow for their M.Tech Course. The admission for the coming session for M.Tech course has already commenced. The ECE department was established in the year 2000 alongwith the foundation of RKGIT.

Some of the faculty members who will teach the M.Tech students are:

- 1- Dr. R.K. Varshney, Professor, IIT Delhi- 35 years of academic experience.
- 2- Dr. R.P. Maheshwari, Former Professor, IIT Roorkee- 30 years of academic experience.
- 3- Dr. N.S. Raghav, Professor, DTU Delhi- 32 years of academic experience.
- 4- Prof. A.K. Verma, Adj. Professor, Macquarie University, Australia- 42 years of academic experience.
- 5- Dr. R.S. Gupta, Former Professor, Delhi University- 44 years of academic experience. (Guest Faculty)
- 6- Dr. Satish Chand, Professor, NSIT Delhi- 25 years of academic experience.
- 7- Dr. Neeta Pandey, Associate Professor, DTU- 20 years of academic experience.

These faculty members are experts in various fields of electronics and communication engineering such as Antenna and Microwave Engineering, Communication Engineering, Optical Communication Engineering, VLSI, Analog and Digital Circuits, etc.

All the publications by above mentioned faculty members are in well reputed journals and conferences. These faculty members will provide knowledge in state of art technology alongwith practical exposure. M.Tech students may be groomed to become entrepreneur and also get chance to do live projects with industry.

The department has various well equipped laboratories. Two highly advanced labs have been recently developed especially for M.Tech course and more labs are in progress.
