The International Webinar Series organized by the Department of Applied Sciences & Humanities, started on 4th August with its inaugural lecture by Dr. D.K. Aswal, Director of 'National Physical University New Delhi on the 'Aswal Model of inclusive Growth'. The lecture was attended by more than 700 viewers simultaneously on Zoom, You tube and Facebook. The second lecture was on 7th August by Prof. Rajeev Pattathil, Head of the Rutherford Appleton Laboratory, United Kingdom on the subject 'Next-generation High Power Laser Technology'. The third lecture was on 'Photonics Revolutions' by Prof. Anurag Sharma from IIT Delhi on 12th August 2020. Fourth lecture of the web series was on 18th August by Duo Professors Dr. K.K. Pandey and Dr. S.R. Shukla both Scientists –G at Institute of Wood Science & Technology , Bangalore. Fifth and the last lecture of the International Webinar Series by Professor Dino Jaroszynski just concluded. He enlightened us about the 'new technologies based on laser plasma interactions'.

Compact Radiation Sources And Applications In Sciences

Raj Kumar Goel Institute of Technology(Pharmacy), Ghaziabad, U. P., India and **Department of Applied Sciences and Humanities, RKGIT, Ghaziabad, U.P., India** Invites Faculty, Researcher and Students for **International Webinar Series on Compact Radiation Sources and Applications in Sciences** 14 -16 September, 2020

Patrons: Sh. Divesh Kumar Goel (Chairman, RKG, Group of Institutions), Sh. Akshay Goel (Vice-Chairman, RKG, Group of Institutions), Dr. Lavanya Prasad (Director I&H, RKG, Group of Institutions), Prof. (Dr.) D. R. Somanikar (Director, RKGIT)

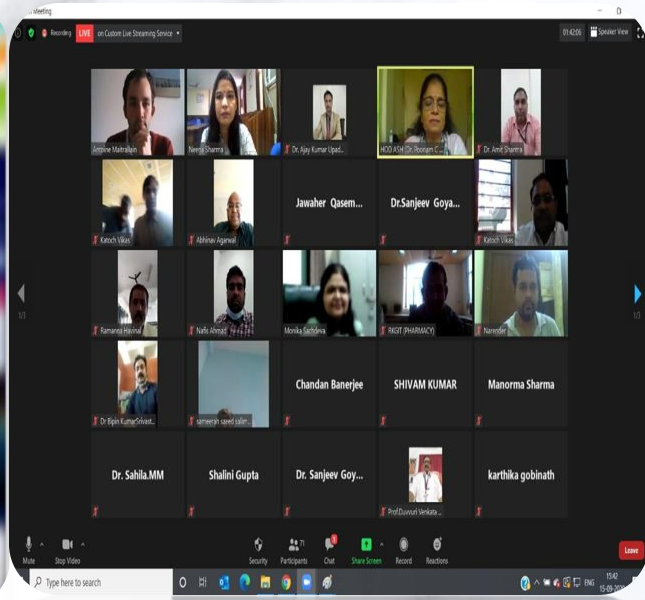

Eminent Speakers: Prof. Zulfikar Najmudin (Imperial College London, U.K.), Dr. Antoine Mahabadi (Research Fellow, Department of Physics, University of Strathclyde Glasgow, Scotland, U.K.), Dr. Joanna Renshaw (Associate Prof., Department of Civil and Environmental Engineering, University of Strathclyde Glasgow, Scotland, U.K.)

Co-ordinators: Prof. (Dr.) Sanjeev Goyal (ASH Department, RKGIT), Mr. Ashish Agarwal (Dean Academics, RKGIT(Pharmacy))

Co-ordinators: Dr. Vikas Katoch (Associate Prof., ASH Department, RKGIT), Mr. Pankaj Kumar Sharma (Assistant Prof., RKGIT(Pharmacy))

Conveners: Prof. (Dr.) Monika Sachdeva (Principal, RKGIT(Pharmacy)), Prof. (Dr.) Poojani C Kumar (HOD (ASH), RKGIT)

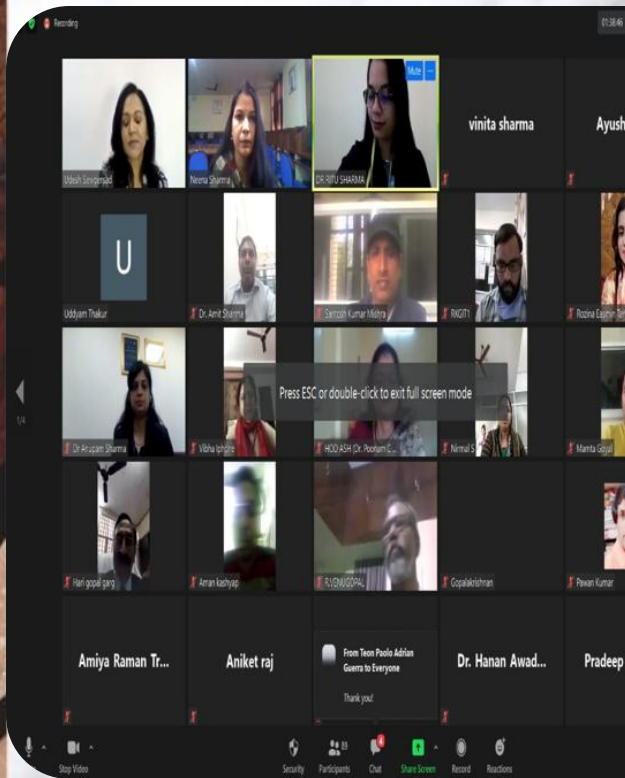

Raj Kumar Goel Institute of Technology, 5 KM STONE, Delhi – Meerut Road, Ghaziabad

The International Webinar Series on compact radiation sources and applications in sciences was jointly organized by the Department of Applied Sciences & Humanities and RKGIT Pharmacy from 14 September to 16 September 2020. The first lecture was on Radiation sources from laser accelerators and Applications by Prof. Zulfikar Najmudin, Prof. of physics and Deputy-Director of the John Adams Institute (JAI) for Accelerator Science, Imperial College London on 14 September 2020. The second lecture was on Laser Driven Sources in Radiotherapy by Dr. Antoine, research fellow at Department of Physics, University of Strathclyde, and Glasgow, Scotland on 15 September 2020. The third and last lecture was on The Use of Synchrotron Radiation in Applied Mineralogy by Dr. Joanna Renshaw, Department of Civil and Environmental Engineering University of Strathclyde Glasgow, Scotland, U.K. The series was attended by more than 600 viewers simultaneously on Zoom, YouTube and Facebook

Department of Applied Sciences & Humanities organized one day International webinar on 19 November 2020. The topic of the webinar was “Practicing Agile in a Rapidly Evolving VUCA and Digital Environment”. The speaker of the day was Ms Rita Govender (Managing Director) Disclosure Africa, South Africa. She enlightened about VUCA world that The capacity for VUCA leadership in strategic and operating terms depends on a well- evolved mindset for gauging the technical, social, political, market and economic realities of the environment in which people work. The webinar was attended by more than 500 viewers simultaneously on Zoom, You tube and Facebook.

Webinars attended

Dr. Poonam C Kumar participated in the “International Webinar Series” delivered by Dr Joanna Renshaw, Associate Professor, Department of Civil and Environmental Engineering, University of Strathclyde Glasgow, Scotland, U.K., on the topic “**Use of Synchrotron Radiation in Applied Geosciences**” organized by RKGIT, Ghaziabad on **16th September, 2020.**

Dr. Poonam C Kumar participated in the “International Webinar Series” delivered by Dr. Antoine Maitrallain, Research Fellow, Department of Physics, University of Strathclyde Glasgow, Scotland, U.K. on the topic **Laser Driven Sources in Radiotherapy** organized by RKGIT, Ghaziabad on **15th September, 2020.**

Dr. Poonam C Kumar participated in the “International Webinar Series” delivered by Professor Zulfikar Najmudin, Department of Physics, Imperial College London, U.K., Deputy Director The John Adams Institute for Accelerator Science Imperial College London, U. K., on the topic **Radiation Sources from Laser Accelerators and Applications** organized by RKGIT, Ghaziabad on **14th September, 2020.**

Dr. Poonam C Kumar participated in the “International Webinar Series” on the subject “**New Technologies based on Laser Plasma Interactions** ” delivered by Prof. Dino Zaroszynski, Director-SCAPA, Department of Physics, University of Strathclyde, Glasgow, Scotland, United Kingdom organized by RKGIT, Ghaziabad on **26th August, 2020**

Dr. Poonam C Kumar participated in the “International Webinar Series” on the **subject “Nanotechnology: Introduction & Applications in Forest Product Research ”** delivered by Dr.S.R.Shukla, Scientist-G, Institute of Wood Science and Technology, Bengaluru, India organized by RKGIT, Ghaziabad on **18th August, 2020.**

Dr. Poonam C Kumar participated in the “International Webinar Series” on the subject “**Nanotechnology: Introduction & Applications in Forest Product Research ”** delivered by Dr. K.K.Pandey , Scientist-G, Institute of Wood Science and Technology, Bengaluru, India organized by RKGIT, Ghaziabad on **18th August, 2020.**

Dr. Poonam C Kumar participated in the “International Webinar Series” on the subject “**Photonics Revolution**” delivered by Prof. Anurag Sharma, Department of Physics, IIT Delhi, New Delhi, India organized by RKGIT, Ghaziabad on **12th August, 2020.**

Dr. Poonam C Kumar participated in the “International Webinar on “**Practicing Agile in a Rapidly Evolving VUCA and Digital Environment** by Ms. Rita Govender, Managing Director, Disclosure Africa, South Africa ,organized by RKGIT, Ghaziabad on **19th November, 2020.**

Dr. Poonam C Kumar attended the Webinar on “Role of Women Entrepreneurs in Socio- Economic Development of India” on 9th August, 2020 by Ms. Nancy Juneja Founder for RevUP and Co Founder MENTORx, Trustee, Rising Bharat Foundation Director, HoverRobtix, India in Collab with RKGITWE & EDTIC, RKGIT.

Dr. Poonam C Kumar participated in the “International Webinar Series” on the subject “Next-generation High Power Laser Technology ” delivered by Dr.Rajeev Pattathil, Professor & Head Rutherford Appleton Laboratory, United Kingdom organized by RKGIT, Ghaziabad on 7th August, 2020.

Dr. Poonam C Kumar participated in the International Webinar by the on the topic “Aswal Model of Inclusive Growth” delivered by Dr. D. K. Aswal, Director, CSIR-National Physical Laboratory, India” organized by RKGIT, Gzb. on August 4,2020.

Dr. Poonam C Kumar participated in the International Webinar on the topic “New Ideas and Innovations in the Technology and Use of IoT in Telecommunications” delivered by “Mr. Abhishek Srivastava, MD & CEO Telenoetica Ltd Lagos Nigeria organized by RKGIT, Gzb on July,23 2020 .

Dr. Poonam C Kumar participated in the International Webinar on the topic “Design Thinking and Innovation in Engineering & Technology” on July 16, 2020 organized by RKGIT, Gzb.

Dr. Poonam C Kumar participated in the International Webinar on the topic “Challenges of Cyber World- Relevance of Emerging Technologies” delivered by Mr. Avneesh Vats, AGM (IT) Energy Efficiencies Services Ltd., New Delhi on July 9, 2020 organized by RKGIT, Gzb.

Dr. Sanjeev Goyal participated in the International Webinar entitled “Aswal Model of Inclusive Growth” by Dr. D.K. Aswal, Director-National Physical Laboratory, India organized by Department of Applied Sciences & Humanities, RKGIT, Ghaziabad on 4th August, 2020.

Dr. Sanjeev Goyal participated in the International Webinar entitled “Next-Generation High Power Laser Technology” by Dr. Rajeev Pattathil, Professor at Rutherford Appleton Laboratory, U.K. organized by Department of Applied Sciences & Humanities, RKGIT, Ghaziabad on 7th August, 2020.

Dr. Sanjeev Goyal participated in the International Webinar entitled “Photonics Revolution” by Prof. Anurag Sharma, Professor at IIT Delhi, organized by Department of Applied Sciences & Humanities, RKGIT, Ghaziabad on 12th August, 2020.

Dr. Sanjeev Goyal participated in the International Webinar entitled “Nanotechnology: Introduction and Application in Wood Products Research” by Dr.K.K. Pandey and Dr.S.R. Shukla Scientists-G at Institute of Wood Science and Technology, Bangalore, India, organized by Department of Applied Sciences & Humanities, RKGIT, Ghaziabad on 18th August, 2020.

Dr. Sanjeev Goyal participated in the International Webinar entitled “New Technologies Based on Laser Plasma Interactions” by Prof. Dino Jaroznski, University of Strathclyde, Glasgow, Scotland, U.K., organized by Department of Applied Sciences & Humanities, RKGIT, Ghaziabad on 26th August, 2020.

Dr. Sanjeev Goyal participated in the International Webinar Series entitled “Compact Radiation Sources and Applications in Sciences” organized by Department of Applied Sciences & Humanities, RKGIT, Ghaziabad from 14th to 16th September, 2020.

Dr. Sanjeev Goyal participated in the Webinar entitled “Women Entrepreneurship in India-Problems & Prospects” by Priya Gupta, Founder-Sarvpriye Foundation in collaboration with RKGITWC & EDTIC Ghaziabad on 8th August, 2020.

Dr. Sanjeev Goyal participated in the Webinar entitled “Role of Women Entrepreneurship in Socio-Economic Development of India” by Ms. Nancy Juneja, Founder for RevUp and Co-Founder Mentorx, in collaboration with RKGITWC & EDTIC Ghaziabad on 9th August, 2020.

Dr. Sanjeev Goyal participated in the Webinar entitled “Machine Learning through Deep Neural Architectures” by Dr. Rajeev Kapoor, Professor DTU, organized by Department of ECE, RKGIT on 22nd September, 2020.

Dr. Sanjeev Goyal participated in the Online National Webinar entitled “Power Electronics and its impact on Society” organized by Department of ECE, RKGIT on 30th September, 2020.

Dr. Sanjeev Goyal participated in the Webinar entitled “Outcome Based Education” by Prof. O.N. Pandey, organized by Department of ECE, RKGIT on 3rd October, 2020.

Dr. Sanjeev Goyal participated in the Webinar entitled “Vitamin D deficiency in Children” by Dr. K. K. Aggarwal, Padam Shri Awardee, President HCFI, organized by Heart Care Foundation of India on 8th October, 2020.

Dr. Sanjeev Goyal participated in the Webinar entitled “Women Empowerment” organized by RKGIT Women Cell on 22nd October, 2020.

Dr. Sanjeev Goyal participated in the Online Seminar entitled “Reinfection of COVID-19” by Dr. K. K. Aggarwal, Padam Shri Awardee, President HCFI, organized by Heart Care Foundation of India on 23rd October, 2020.

Dr. Sanjeev Goyal participated in the Online Seminar/Workshop entitled “Entrepreneurship & Innovation as Career Opportunity” by Mr. Ashish D. Thombre organized by Innovation Cell. Ministry of Education on 19th December, 2020.

Dr. Shalini Gupta participated in the International Webinar entitled “Aswal Model of Inclusive Growth” by Dr. D.K. Aswal, Director-National Physical Laboratory, India organized by Department of Applied Sciences & Humanities on 4th August, 2020.

Dr. Shalini Gupta participated in the International Webinar entitled “Next-Generation High Power Laser Technology” by Dr. Rajeev Pattathil, Professor at Rutherford Appleton Laboratory, U.K. organized by Department of Applied Sciences & Humanities on 7th August, 2020.

Dr. Shalini Gupta participated in the International Webinar entitled “Photonics Revolution” by Prof. Anurag Sharma, Professor at IIT Delhi, organized by Department of Applied Sciences & Humanities on 12th August, 2020.

Student's Corner

यह दिन

यह दिन भी कितने अजीब हैं,
हम दुनिया से दूर पर अपनों के कितने करीब है।
इन हवाओं में नई जान है ,
फिर भी ना जाने क्यों इंसान परेशान है। एक वायरस ने हमें
घरों में दुबका दिया, चिड़ियों को फिर से चहकना सिखा
दिया।।

भीड़-भाड़ की दुनिया से जो सुकून खो गया था,
काम के चक्कर में हमने खुद को ही खो दिया था।
एक वायरस ने हमें खुद से मिला दिया।।

वो बीन खाएं दिन भर काम करना,
वह घर आने पर आराम करना ।
वह खाने की टेबल पर कल की प्लानिंग करना ,
वह रोज नई जंग के लिए खुद को तैयार करना ।
एक वायरस ने हमें थोड़ा सुकून दिला दिया।।

भगवान को बस जरूरत में याद करना, रोज के काम में बस
सुबह होने पर सलाम करना ,
शायद हमने उन्हें कम ही आंक लिया था। एक वायरस ने
हमें उनके होने का एहसास करा दिया।।

सुबह की धूप अब अच्छी लगती है ,
हवाओं की सुरत अब सुकून देती है ,
नील गगन में अब खो जाते हैं ,
घर पर सुकून की आदत लग रही है ।
यह लॉक डाउन की मुहूर्त अब कम सी लगती है ।।

अब कानो को मां के जगाने की आदत हो गई है ,
अलार्म की जरूरत महसूस नहीं होती है।
अब रात के खाने में स्वाद मिलता है, शायद बाहर की
पिज़्ज़ा बर्गर से ज्यादा मिलता है ।
वायरस ने हमें अपनों की आदत लगा दी।।

रोज के कामों में हम शायद जीना भूल गए थे,
वायरस तो शायद बस एक बहाना है ,
हमें तो जीवन जीना फिर से सिखाना है।।

किस्मत का खेल

शब्दों में उतरना आसान है
गरीब भूखा रहे उसमें किसका नुकसान है
जिसके पास धन उसका सारा जहान है
गरीब पे चिलाओ फिर भी चेहरे पे मुस्कान है
ये बात बोहत आम है
जो पहुंचाता खाना उसकी जाती भूख से जान है
वो कभी कुछ नहीं कहता है
सारे गमों को सेहत है
किसको पता कब रोटी मिलती कब वो भूखा रहता
है
रात को भूख से निकले आंसू
सुबह पसीना बहता है
शब्दों में उतरना आसान है
गरीब भूखा रहे उसमें किसका नुकसान है
जिसके पास धन उसका सारा जहान है
गरीब पे चिल्लाओ फिर भी चेहरे पे मुस्कान है।

A Programmer's Dilemma

As a fellow student and a programmer I'm aware of the fact that many among us, RKGITans', sooner or later, we may get confused on our path to be a developer. I've combined some research with my past experiences and this article is the end result, I hope I'd be able to guide you.

The journey begins.....

It is a common question that newbies ask " which programming language shall I chose ? ". There are several languages very popular among us, students. C/C++, Java, Python and Kotlin. I recommend that we must not consider Python and Kotlin as our primary programming languages. Python is not good option since many companies don't even consider python in coding rounds of interviews, Kotlin has simmilar flaw, moreover it is quiet young language, therefore not much resources are availabe for learning Kotlin.

Aftere chosing a programming language, just stick to it. Don't roam around and switch between programming languages. Pick one language and learn each and every concept of that very language.

Tip: Some IDE's – IntelliJ Idea for Java and Kotlin | VS Code or CodeBlocks for C/C++ and JavaScript | Pycharm for Python

What resources should you consider while learning a programming language?

Be consistant at college and learn every concept.

Feel free follow any beginner friendly youtube channels. My recommendations :

Apni Kaksha (Hindi)

Clever Programmer (English)

Code with harry (Hindi)

Programming with Mosh (English)

Create a StackOverflow account. StackOverflow is a community of worldwide developers. Irrespective of the language or platform you're programming in, you can ask solution to any problem you are facing.

Learn new concepts using GeeksForGeeks articles. Great platform to learn Data Structures and Algorithms.

Try to Learn from offical documentation of the programming language.

**Sitting close to the window,
some sights I see.
Through the eye of a train,
sights I see.**

**Fields so crack and brown,
farmers with plough and ox I see.
Water sprinkling on ground,
sparkling whirly in wind I see.**

**Patches of flowers white,
contrast with green I see.
Flocks of birds on a tree I see.**

**Lovely sights through a train's eye
I see.
Far off fields and plateaus,
looks like the crest and trough of a
wave**

**Far off house with colours so different,
looks like boxes arranged so crazy.
Far off electric towers and potential so
high,
looks like humans so giant.**

Some crazy images I see.

**Train crossing with velocity so high,
terrify me so badly.
Feels would crush me down.**

**Rivers flowing beneath,
look so crazy
Feels like a shark would jump
and tear me apart.**

**Jungle so dense and dark,
predators I fear.
Feels like an arrow searching
a pray will rip my heart.**

Some terrifying imaginations I see.

**Through the window of a train
so my imagination,
A lovely scary crazy world I see.**

Mental Up

1. Turn me on my side and I am everything. Cut me in half and I am nothing. What am I?
2. What has cities, but no houses; forests, but no trees; and water, but no fish?
3. I add five to nine and get two. The answer is correct, but how?

Previous issue solution

1. *Peter*
2. *The first person begins by dividing the cake into two pieces.*
3. **12:20**
4. *This is only possible if they played with other people.*
